Founding Member of World Alliance of Chinese Quality (WACQ)  
Founding Member of Asian Network for Quality (ANQ)

## Technical Visit to the Hong Kong Jockey Club Racing Laboratory 7 August 2026 (Friday), 10:30 am – 12:00 noon

<b>Introduction</b>	<p>The Racing Laboratory is internationally recognised for the quality of its work and has never reported a "false positive" finding in official samples since it was established in 1970. Indeed, Hong Kong's post-race positive results are more than ten times lower than the world average, which exemplifies how Hong Kong's fair and just approach to racing acts as a deterrent to malpractice. Currently the laboratory is one of only five Approved Laboratories appointed by the Federation Equestre Internationale (FEI) and six Reference Laboratories for the International Federation of Horseracing Authorities (IFHA). Only four laboratories worldwide have attained both appointments. Please visit the website for details <a href="#">Uncompromising Integrity - World-Class Horse Racing Operator - About HKJC - The Hong Kong Jockey Club</a></p> <p><u>Agenda:</u></p> <ul style="list-style-type: none"><li>- introduce role and scope of the Hong Kong Jockey Club Racing Laboratory</li><li>- lab visit</li></ul>
